TKO Continuous Sparring (Stand Up only) Rules (Complete Rules go to www.TKOLeague.com)

Definition:

Light Contact Fighting in a Continuous Manner. Under no circumstances should light contact continuous fighting simulate full contact kick-boxing. Utilizing well-controlled techniques, ring craftsmanship and combination skills, competitors should attempt to "outscore" rather than "overpower" their opponent.

Competitors will fight continuously until the referee's command to "STOP/BREAK". Techniques should not "strike through" or "push through" the target. Striking with excessive contact, or uncontrolled striking of any kind will lead to disqualification. Emphasis must be placed on both punching and kicking techniques. Punching or "boxing" only to body or leg (Above the knee), for an extended period of time without throwing kicks will downgrade the judge's evaluation of your performance.

Each match is carried out with running time. The referee and judges will evaluate the relative effectiveness of each fighter based on the number, quality and variety of scoring strikes, defense and conditioning. Rules violations (whether penalized by the referee or not) will downgrade the judges evaluation of the offending fighter. The three officials will determine the winner of each match by majority decision.

Equipment Needed:

- Adult divisions: mouth-guard, Head Gear, 10oz gloves or larger, groin protection, shin/instep guards.
- Teen & Junior divisions: mouth-guard, Head Gear, 10oz gloves or larger, groin protection, shin/instep guards.
- Shorts or pants and school tshirt/rash guard or Martial Arts Uniform must be worn.

Weigh-in time: All competitors must weigh at scheduled time. If a competitor missed the weigh-in time, weigh-in will take place at the time when the competitor is called to compete.

Time and Rounds

- Two (2) - Two (1) minute rounds with a 30 second break. If both Fighter wins each round, a 3rd round of 30 second is needed. Head judge will only judge 3rd round to insure no ties.

PLEASE NOTE – Due to point tabulations and rankings for the 2020 State Finals, all divisions are set, and a competitor cannot be moved to another division. Only splitting a division is allowed when a competitor is out of their age of at least two (2) years. If there is no one in your division, you will win by default, and an exhibition match will be offered.

TNT Sport MMA Rules

Definition:

Light Contact Fighting in a Continuous Manner. Under no circumstances should light contact continuous fighting simulates full contact kickboxing. Utilizing well-controlled techniques, ring craftsmanship and combination skills, competitors should attempt to “outscore” rather than “overpower” their opponent.

Competitors will fight continuously until the referee’s command to “STOP/BREAK”. Techniques should not “strike through” or “push through” the target. Striking with excessive contact, or uncontrolled striking of any kind will lead to disqualification. Emphasis must be placed on both punching and kicking techniques. Punching or “boxing” only to body or leg (Above the knee), for an extended period of time without throwing kicks will downgrade the judge’s evaluation of your performance.

Each match is carried out with running time. The referee and judges will evaluate the relative effectiveness of each fighter based on the number, quality and variety of scoring strikes, defense and conditioning. Rules violations (whether penalized by the referee or not) will downgrade the judges evaluation of the offending fighter. The three officials will determine the winner of each match by majority decision.

Equipment Needed:

- Adult divisions: mouth-guard, Head Gear, 10oz gloves or larger, groin protection, shin/instep guards.
- Teen & Junior divisions: mouth-guard, Head Gear, 10oz gloves or larger, groin protection, shin/instep guards.
- Shorts or pants and school tshirt/rash guard or Martial Arts Uniform must be worn.

Weigh-in time: All competitors must weigh at scheduled time. If a competitor missed the weigh-in time, weigh-in will take place at the time when the competitor is called to compete.

Time and Rounds

- Two (2) - Two (2) minute rounds with a 30 second break. If both Fighter wins each round, a 3rd round of 30 second is needed. Head judge will only judge 3rd round to insure no ties.

Weight Divisions and Weigh-in Procedures

- See ‘Divisions’ listing on website and in event program.

Coaching: Coaching is allowed on both side of the ring. Coaches are not allowed to badger or yell at judges. The competitor’s coach can also make the decision to forfeit a fight by calling time, and informing the head judge to forfeit the fight.

Legal Target Areas

The following parts of the body may be attacked using the authorized fighting techniques:

Torso – front and side

Legs – Inside and outside (above knee)

Feet – only for sweeping

Legal Techniques – Scoring

Both hand and foot strikes should be used. In evaluating each fighter’s performance the judges will give more credit to the athlete that is effective with a balanced attack of kicks and punches thrown in combination. Punching or “boxing” only for an extended period of time without throwing kicks may be cause for penalization or may downgrade the judge’s evaluation of a fighter’s performance.

The authorized striking area of the hand or foot may only make “Clean/ Controlled” Light contact. The fighter must be looking at the point of contact when executing the technique. All techniques must be well executed. Weak techniques or techniques that simply touch or brush or push an opponent will not be scored. Excessive contact, mauling, pushing or rough-housing will be grounds for penalization, downgrading in the judges evaluation and/or disqualification.

If a fighter jumps in the air to attack, he must land inside the ring to score, and he must keep his balance (it is not allowed to touch the floor with any part of the body except the feet).

The following hand techniques may be applied:

- All kind of fighting punches.

The Center Referee is the arbiter of the rules. If he perceives that a violation has occurred he has the discretion to issue one of the following:

A *Caution*

A "Caution" may be issued without stopping the action of the fight.

An *Official Warning*

An "Official Warning" is issued by stopping action of the fight. The "Official Warning" indicates that if the referee has to stop the match again for the same or a similar infraction the offending athlete will be disqualified.

A *Disqualification*

A "Disqualification" awards the match to the offending fighter's opponent. The referee has the discretion to use Cautions, Warnings and Disqualification according to the severity of the offense. A fighter does not have to be Cautioned in order to receive an Official Warning. Nor does he have to receive an Official Warning prior to being Disqualified.

The following may lead to immediate disqualification:

- Excessive contact resulting in an injury
- Repeatedly striking with excessive contact
- Uncontrolled or malicious attacks
- Excessive or continuous hitting after "stop" command
- Extreme unsportsmanlike conduct of a fighter such as insulting the referee or the opponent

Injuries

The match should be interrupted if an injury occurs. In the event of injury, time may only be interrupted until the doctor decides on the seriousness of the injury, that is, whether or not the fight can continue or whether it must be stopped. Treatment of the injury can only be done in between rounds or after the match. If the injury needs to be treated, the match must be stopped. In any case, cuts cannot be taped. If the match is stopped due to injury, the officials must decide:

- Who caused the injury?
- Whether or not it was intentional.
- Whether or not it was self-inflicted.

If the injury was not intentional and the injured fighter cannot continue fighting immediately, the uninjured fighter is declared the winner.

If the injury is due to a violation of the rules, the responsible fighter may be disqualified.

If the injury is due to his own fault, the uninjured fighter is declared the winner.

Referees Powers and Responsibilities:

The referee has the power to:

- Stop a fight at any moment if he finds it to be too one-sided.
- Stop a fight at any moment if one of the fighters has received an unauthorized blow or is wounded, or if he considers a fighter unable to continue.
- Stop a fight at any moment if he finds the fighters behaving in an "unsportsman-like" manner. In such a case, he must disqualify one fighter.
- Warn a fighter or stop the bout and give a minus point or warning to a fighter for an offence.
- Disqualify a coach or a second who has broken the regulations or the fighter himself if his coach or the second fails to obey to his orders.
- Disqualify, with or without a warning, a fighter who has committed an offence.

- Interpret the rules as long as they are applicable or compatible with the fight that is taking place, or, at a special moment, decide on a move which does not appear in the rules.
- If a fighter breaks the rules but does not necessarily deserve a disqualification, the referee must stop the fight and give a warning to the fighter of a foul. Before the warning, the referee must order the fighter to stop fighting. The warning must be given clearly, so that the fighter understands the reason and cause of the penalty. The referee must hand signal to each judge that a particular warning has been given and clearly show which fighter has been punished. After having given the warning, the referee orders the fighters to fight again. If a fighter has given three official warnings within the same bout, he is disqualified.
- A referee may give a caution to a fighter. A caution means a warning given by a referee to a fighter for breaking the rule. In order to do this he doesn't need to stop the fight, and may reprimand the fighter during the fight.
